PROFILE

Driven by an insatiable curiosity to decode the digital world, my mission is to craft elegant and transformative code. I'm on a quest to harmonize the art of technology with the human experience, weaving lines of logic into seamless narratives that empower and inspire. My aspiration is to join a team where innovation knows no bounds, where every keystroke carries the potential to reshape possibilities and create the extraordinary.

KEY SKILLS

Android application development: Solid understanding of Java Programming Language and proficient in designing, developing, and optimizing Android applications. Skilled in utilizing Android Studio for a seamless development process.

Web Development: Solid understanding of HTML5, CSS3 and JavaScript to create visually appealing and responsive user interfaces. Competent in PHP for server-side scripting and seamless integration with front-end components.

System Maintenance: Skilled in monitoring and maintaining systems, conducting updates, backups, and disaster recovery planning to minimize downtime.

Helpdesk Support: Experienced in providing technical support, troubleshooting hardware and software issues, and maintaining organized helpdesk ticketing systems.

Database Management: Proficient in SQL, with a focus on MySQL, for designing and maintaining efficient relational databases.

Problem-Solving: Strong analytical and problem-solving skills to identify and address technical issues promptly.

Licensed Class B driver, with over 3 years' experience.

EXPERIENCE

September 2023 - present

IT Intern, Ministry of local government and rural development

Assist in boosting productivity in the workplace by updating and maintaining computer hardware and software.

Led to a decrease in pending jobs or calls; addressed issues without the need for new software or hardware orders.

Continuously stay up to date with the latest technology and learn from peers to improve efficiency.

February 2023 – July 2023

Technician, Doctor Cell

Repaired and ran tests to assess laptop, mobile phone and any console functionality, installed and updated software.

Troubleshoot wiring problems and replaced damaged components and parts such as batteries, LCD screens, keypads, and buttons. Including onboard repairs.

Advised clients on warranty issues and recommended products.

July 2019 –
November 2022

Technician, Wusa Clothing & Sportswear

Assessing and analyzing how feasible implementing specific software will be for the organization.

Developed and performed post-implementation maintenance and support procedures.

Gathered information to analyze and evaluate existing or proposed systems.

July 2021 –
November 2021

Technician, Doctor Cell

Repaired and ran tests to assess laptop, mobile phone and any console functionality, installed and updated software.

Troubleshoot wiring problems and replaced damaged components and parts such as batteries, LCD screens, keypads, and buttons. Including onboard repairs.

Advised clients on warranty issues and recommended products.

EDUCATION

Botho University

Bachelor of Engineering (Hons) in Computer Engineering

Graduated Upper Second Class

RE: REFERENCE FOR MR. MAATLA LESLEY LEKONE

This serves to inform and confirm that I have known and worked with Mr. Maatla L Lekone since September 2023 when he joined the Department of Social Development as an IT intern officer.

During the period I spent with him, Mr. Lekone has proven to be an enthusiastic individual who was always dedicated to what he is doing even with minimal supervision. Throughout my experience with him, he has continuously shown a sense of maturity and how flexible he can handle anything in his professional area. His duties on daily basis included:

- Providing first and second level technical support to about 100 users for troubleshooting problems- with personal computers, software, and related equipment including installation and changes to computer hardware and software as required by business needs.
- Managing and maintaining inventory register by doing checks to ensure computers are always up to date.
- Undertaking routine service request and maintenance on hardware and software.
- Supporting the Social Benefits and Reconciliation System (**SOBERS**) which has about 30 users at Department of Social Protection- Head Quarters and 37 Old Age Pensions offices at district level.
- Supporting the Government accounting and Budgeting system (**GABS**).
- Experience in LAN/WAN topologies, network administration, E-Mail and Internet systems.

Mr. Lekone is a classic example of a leader both in terms of his conduct and his character. It is in this context that I highly recommend him for any career advancement or studies in your organization. Please feel free to contact me as per my details below as I will be glad to furnish clarifications if so needed.

Thank you.

Yours faithfully

Mrs Stella Koboto

REFERENCE LETTER

TO WHOM IT MAY CONCERN

This letter serves as a reference for **MAATLA LESLEY LEKONE** of ID number 434816915

EMAIL : Maatla.Lesley.lek@gmail.com

Who was employed at Doctor cell as a cellphone technician , he has worked for the company for 1 year. I am writing this letter to recommend Maatla Lesley Lekone for any endeavor related to their exceptional skills, dedication and potential. Having the privilege of knowing Lesley for significant period of time, I can confidently attest to his outstanding qualities and aptitude. His technical expertise in various areas including mobile, laptop and console repairs. Lesley consistently exhibits a keen eye for details, ensuring that every task is executed with precision.

In summary, I endorse Lesley for any endeavor he undertakes .I have no doubt that Lesley will continue to make significant contribution and achieve remarkable success in any part he chooses to pursue.

He is a pleasant person and easy to work with.

Should you have any further enquiries feel free to reach me.

Warm regards

Director
